VITA-GLOW LABS

Vita-Glow Labs

Next-Gen Vitamin C Glow Serum

Investor Pitch Deck | Series-Seed Round

Clean Cosmeceuticals / Active Skincare / D2C

"Stable. Clean. Clinically Effective."

Solving oxidation & irritation — the two biggest bottlenecks in the Vitamin C category.

SEGMENT	STAGE	ASK	DATE
Clean Cosmeceuticals	Pre-Revenue / Seed	Seed Investment Round	June 2026

THE OPPORTUNITY

A Market Ripe for Disruption

The global skincare market is shifting decisively toward ingredient-first, benefit-driven cosmeceuticals. Vitamin C serums sit at the absolute epicentre of this shift — purchased as a daily necessity, not an occasional indulgence.

$14B+	45-60d	25-34	80%+
Global Vit-C Serum Market	**Replenishment Cycle**	**Core Buyer Age Band**	**Gross Margin Target**
Projected 2027	Built-in repeat revenue	Highest spend demo	After COGS 15-20%

The Problem We Solve

- Rapid chemical oxidation turns L-Ascorbic Acid orange & harmful
- High-acid serums cause irritation & barrier disruption
- Consumers distrust inconsistent, unstable formulations

Our Solution

- Ethyl Ascorbic Acid (EAA) — stable for 24 months, zero oxidation
- pH buffered at 4.0–4.5 for daily comfort on all skin types
- Kakadu Plum botanicals + Ferulic Acid create a unique dual moat

Competitive Pricing Landscape

Mass	OUR TARGET Masstige	Prestige
$5-9	**$10-16**	**$35-90+**
Garnier, Minimalist	Dot & Key, Plum, Foxtale	Kiehl's, SkinCeuticals

Market Reach

Who buys, where they shop, and why the TAM keeps growing

18–24 Gen Z 'Prevention & Glow'

Social-media driven; acne scar fading; TikTok/Reels

High brand-loyalty once values align

25–34 Millennials 'Peak Demand'

Highest-spend cohort; anti-aging, hyperpigmentation correction

Single largest revenue segment

35–45 Maintenance Cohort

Collagen synthesis, sun spots, dual-benefit serums

Values clinical backing over aesthetics

45+ Mature Repair

Smaller volume; ultra-premium, dermatologically backed

Highest basket value per transaction

Multi-Channel Sales Architecture

Primary	Launch Week 2	Phase 2	Phase 3
D2C Shopify Storefront Full margin, first-party data	**Amazon / Nykaa Marketplace** High-intent search capture	**Myntra / Blinkit Fashion & Q-comm** Impulse + last-mile access	**Offline Pharmacy & Beauty Retail** Credibility + trial conversion

Replenishment Engine: 30ml bottle lasts 45-60 days → 8-9 purchases/user/year → High LTV with low repeat CAC

VITA-GLOW LABS

Marketing Architecture

I Visual & Aesthetic Identity

- Frosted pastel-orange glass dropper bottles
- Minimalist typography — shareable on social feeds
- Sensory-first unboxing as organic marketing content

II Tiered Influencer Network

- Nano/Micro (1k-50k): 30-day raw trial videos
- Macro gurus (100k+): Seasonal campaign amplification
- Pre-launch seeding to 100 micro-creators (NDA)

III Performance Marketing (Meta & Google)

- Problem-solution hook creatives, not generic ads
- Targeting: 'fade acne scars', 'dull skin', 'oily skin Vit-C'
- Lookalike audiences from competitor brand traffic

IV Educational Content Ecosystem

- Instagram Reels + YouTube Shorts: routine building
- On-site Skin Quiz custom-builds AM/PM regimens
- Positions brand as trusted skincare authority

Formulation Moat & Compliance

Why our formula wins — and why it is legally launch-ready

Core Ingredient Stack

Category	Ingredient	Key Benefit
PRIMARY ACTIVE	**Ethyl Ascorbic Acid (EAA)**	Stable 24m; fades spots; boosts collagen
SYNERGIST	**Vitamin E + Ferulic Acid**	2x photoprotection; stabilises the matrix
BOTANICAL	**Kakadu Plum Extract**	World's richest natural Vitamin C source
HYDRATION	**Multi-molecular Hyaluronic Acid**	Deep moisture; prevents active-related dryness
TEXTURE	**Vegetable Glycerin & Propanediol**	Silky slip; replaces heavy silicones
PRESERVE	**Phenoxyethanol & Ethylhexylglycerin**	Paraben-free; globally compliant
pH BUFFER	**Citric Acid & Sodium Citrate**	Maintains pH 4.0–4.5 for daily comfort

Health Status: 100% SAFE / BIOCOMPATIBLE

Regulatory & Certification Checklist

- [v] **Government Mfg. License**
  CDSCO / FDA cosmetic registration
- [v] **Accelerated Stability Testing**
  60-day @ 40 deg C / 75% RH
- [v] **Preservative Efficacy Test**
  E.coli, Aspergillus niger challenge
- [v] **Dermatologically Tested**
  50+ subject patch test via CRO
- [v] **Cruelty-Free & Vegan**
  PETA / Leaping Bunny audit
- [v] **Clean Beauty Certified**
  Free from parabens, SLS, phthalates
