SUMMARY

AI creator working across brand film, growth strategy, interactive design, and audio — an IndiaFutureAI Trained AI Creator Fellow with a live portfolio of client-style projects. Background in psychology and academic mentoring brings a strong understanding of audience, clarity, and communication to every piece produced.

PORTFOLIO HIGHLIGHTS

- **Strategy & research**:
  - Built a full go-to-market growth strategy for 66 MG Road, a property-care brand expanding into five NRI markets (USA, Canada, UAE, UK, Singapore) — market entry plans, SEO/AEO content strategy, and a community-building engine.
  - Delivered a market and product research report for Dot & Key (D2C skincare) — formulation and regulatory analysis, competitive benchmarking, pricing, and a 6–9 month go-to-market roadmap.
- **Brand film**:
  Wrote and produced two AI-assisted brand videos (66 MG Road; "Ride to the Moon") using AI video generation for emotional, cinematic storytelling.
- **Bharat Ka Metro – Interactive Transit Network Explorer :**
  Co-developed an interactive transit visualization tool covering 19+ Indian cities, featuring an India map, city-level network views, and a nearest-station finder
- **Interactive & design**:
  - **Find the Character, Play the Song** : Designed and built a playable browser game with custom UI and interaction design; also built a dense city-exploration infographic on Agra.
  - **Disaster Simulation – Interactive Game :** Designed and built a branching-choice browser game on disaster preparedness where consequence-driven decisions dynamically shape Safety and Composure stats.
- **Audio**:
  Produced "**What's on my Readlist**," an AI-assisted narrative podcast exploring voice and storytelling across episodes.
